

REDBIRD
ADVANCED LEARNING

Working From Home with the Redbird Mathematics

We are excited to inform you that your child currently has a student account for Redbird Mathematics. This account was obtained through their academic institution. Redbird Mathematics is a K-7 web based mathematics curricula developed at Stanford University. Besides the school environment students may also elect to use Redbird Math in alternative locations. In fact, Redbird Math can be accessed from basically anywhere with an internet connection and a modern device. We hope your child enjoys using Redbird Math.

The Redbird Mathematics website where your child will login is listed below:

<http://fcs.redbirdschoools.com/>

Your child can write down their user name & password below for reference.

Username: _____ Password: _____

Upon log in, your child will begin on the homepage of the unit in which they are currently working.

Redbird Mathematics Information:

- There are 8 grade levels (K-7) within Redbird Mathematics.
- There are 7 units within each grade level
- There are 20 STEM based projects included in the course (Grades 3-7)
- Our curriculum is designed to meet the requirements of Common Core (Focus, Coherence, and Rigor)
- Focus is achieved through an emphasis on the major standards identified by Common Core.
- Coherence is developed by illuminating connections between concepts and utilizing mathematical structure.
- The three components of rigor—conceptual understanding, procedural skill and fluency, and applications—are integrated into the learning experience. Understanding is developed through initial instruction and honed through problem solving.

The following Operating Systems are fully supported by Redbird Math:

- ❖ **Mac OS X v10.10 “Yosemite”**
 - Minimum version recommended is *Mac OS X 10.7 “Lion”*
- ❖ **Microsoft Windows 8.1**
 - Minimum version recommended is *Windows 7*
- ❖ **iOS 8.1.2 (All iPads except the original iPad)**
 - Minimum version recommended is *iOS 5.1.2 (iPad 1st - 3rd Generation)*
- ❖ **Android 5.0: Lollipop (Devices Vary)**
 - Minimum version recommended is *Android 4.3 (Jellybean)*

The following browsers are supported on Redbird Math but may experience limited functionality

- ❖ **Firefox 35 (PC/MAC)**
 - (Minimum Version is Firefox 25)
- ❖ **Internet Explorer 11 (IE 11)**
 - (Minimum Version is IE 10)
